

# COVID-19 DASHBOARD INSTRUCTIONAL GUIDE

The CCPS COVID-19 dashboard provides systemwide and individual school data about positive COVID-19 cases among CCPS students and staff, as well as the number of students and staff in quarantine. CCPS tracks student and staff COVID-19 positive data as reported by schools, offices, parents, and staff. The dashboard is **interactive** and provides the **information you want to see** in real time.

The top displays staff and student COVID-19 cases and staff and students in quarantine.

Filter data for a specific timeframe.

Filter data for a specific school or center.

The bar chart displays staff and student COVID-19 cases by date.

Click any column heading to filter values in descending or ascending order.

Click on any school or center on the table to instantly filter data for that location.

School	Staff	Student	Staff Quarantined	Students Quarantined
Barnhart	1	15	0	12
Berry	1	14	0	0
Billingsley	3	9	2	8
Brown	4	9	1	42
Central	8	0	0	0
Craik	1	7	1	18
Davis	3	0	0	15
Diggs	6	0	0	4

Matula	3	21	0	43
McDonough	6	22	0	14
Middleton	1	6	1	16
Mitchell	1	20	0	42
<b>Total</b>	<b>98</b>	<b>549</b>	<b>19</b>	<b>971</b>

- Data is updated Friday of each week.
- Data reported in the dashboard reflect cases identified and managed by CCPS.
- Data includes cases reported with a lab-confirmed positive COVID-19 test result.
- Case notification letters will continue to be shared to affected school communities as cases are identified.
- CCPS will continue to make modifications and improvements to the COVID-19 dashboard.

**Disclaimer:** The COVID-19 data is based upon the date the positive case was reported to CCPS. The information only reflects the raw number of cases reported to the Office of School Safety and Security. The information cannot be used to determine when a positive person was last in the building or if the person was contagious in the building.
