

# Exposure

## Vaccinated

Self-monitor for symptoms for 7 days and mask, keep distance, consider testing 3-5 days after exposure

## Unvaccinated

Quarantine 7 days after exposure and return if negative test on day 7

Quarantine 10 days after exposure and return without any testing

---

**Symptoms develop? Test immediately.**

**Negative**  
Continue self-monitor  
Return when no longer sick

**Positive**  
Isolate 10 days
