

Page	Possible Change	Reason
11	Students are encouraged not to wear suggestive, provocative, or excessively tight clothing.	
12	If your clothing causes a distraction to the orderly school process...	Removes subjectivity
11-12	Items cannot be worn that are suggestive, provocative, or excessively tight. Nor can items cause a disruption to the orderly school process...	
12 on CCASC	Suggestion provided by Charles County Association of Student Councils (CCASC) is preferable to current policy	Hoods—ears should not be covered
10 on CCASC	Throughout daily movement and activities, leggings, must be opaque, or only opaque leggings are permitted. Have a graduated dress code policy—by school level.	
	Females targeted by code disproportionate to male.	This seems to be a societal issue...female vs male fashion being targeted.
	Leggings permitted—must be opaque.	So that undergarments may not be visible regardless of body type.
	Uniforms? No Uniforms? Weigh the costs vs. benefits	Individuality is a means of expressing oneself, but it drives us further apart because of what may be “too” individual.
	Backless shirts—no	Too much wiggle room in “it’s allowed because see I’m not wearing undergarments.”
	Headwear—all or none. No wiggle room with exception of religious headwear.	Easiest way to deal with such a prominent issue.
	Fingertips vs. fists for skirts and shorts—should be a more general standard of measurement.	Different body types/builds/heights make it increasingly difficult for students to adhere to dress code the same way their friend might. Another person—may appear short (but is isn’t) because of simply how their body is.
12	Develop three dress codes, different by elementary, middle, and high.	Not everything is appropriate at every level.
	# 15(18) Should stay for all levels	
	#1,2—2 for fist 3 against Boys—say the same for 1, 2 to make the same for both genders	
	#3—cover chest area but keep requirement for two-finger strap on shoulders—without cleavage showing and no undergarments showing.	

	#5 Revised—OK but adding no midriff showing front or back.	
	#6,7,8—All Good Revised # 9—Middle-ripped below the knee only. Combined with leggings—no holes below the short line.	
12	#10 Revised-Elementary, Middle— Leggings must be covered to mid-thigh. (no holes). No holes/designs	High School leggings fine-no holes as previously stated.
12 (#2)	Shorts—First knuckle of fist is even w/hem/seam of shorts. Skirt—Keep the same as is.	*Need to define rips/holes in this area also.
12 (#3)	Shirts cannot start more than two inches below collar bone.	Specify length/eliminate cleavage.
12 (#5)	Keep as is. No Change	
#9	No rips above middle of thigh.	*Ripped jeans are permitted as long as knuckles don't exceed mid-thigh.
#10	Leggings are allowed (not see through). Tights or see-through leggings are not permitted.	When stretched—you can see skin on students at times.
12	Headwear—List what is permitted— Hats, scarf. List what is not—hoods or bandanas.	
	Uniforms (4) days a week, Fridays, Half-days, Events—non-uniforms days	Eliminates potential conflicts of the overall dress code.
22	Addition to matrix to include more specific violation.	Too vague, should include more specific details from pages 13 & 14. Would help Admin with consequences.
20	Add clarification on allowing support from students on issues such as Black lives matter & LGBTQ.	
Whole document	Parent responsibility added	Help hold parents more responsible *
	We like the gender neutrality of the student-proposed dress code. Consider removal of jewelry, unless we are missing something, we do not see a threat. Only addition would be to add a clause that mentions sleeve coverage.	
Whole document	Use Portland Public Schools dress code as a guide (posted under documents)
