

Student quarantine protocols

Close contact is defined as

Students inside a classroom who are within 3 feet of each other for 15 minutes or longer within 24 hours with a person who is COVID-19 positive and is contagious.

Students outside of school who are within 6 feet of each other for 15 minutes in 24 hours with a person who is COVID-19 positive and contagious.

CCPS will ask any unvaccinated child to quarantine if they are exposed to a person with COVID-19.

If contact tracing identifies a child who is exposed, but who has no COVID-19 symptoms, they will be advised to quarantine for no less than seven days. Parents should monitor their child for symptoms and have the child tested for COVID-19 if symptoms appear.

Students who develop symptoms will be offered a COVID-19 test and asked to isolate for 10 days if they get a positive result.

Students ages 12 & older who are fully COVID-19 vaccinated and have no symptoms can attend school if they do not become ill. (CCPS may ask for proof of vaccination.)

Unvaccinated students who are exposed to a person with a positive COVID-19 result will be placed in quarantine. If the child does not develop symptoms while in quarantine, they can return to school after seven days with a negative test, or after 10 days without a test.

Instruction for sick/quarantined students

Quarantined students will receive all classwork and assignments from their school. This could be a mix of paper materials and lessons posted to the teacher's class website in Synergy.

Elementary students

- Sick students may complete make-up work.
- Students may receive learning materials from school — parent pick up (laptop, guided reading, math manipulatives.)
- Teachers may assign at-home activities through NearPod, Imagine Learning, DreamBox & i-Read.
- Teachers will post class assignments on Synergy.
- Schools will host live student support session for sick/quarantined students. Dates & times will be posted on school websites.
- If an entire class is quarantined, teachers may host class with Zoom.
- Every school will post a detailed school instructional plan on its website. Plans will be posted by Sept. 3.

Secondary students

- Teachers must post all assignments in Synergy on class websites.
- Absent students can access course content in Synergy.
- Students may receive learning materials from school — parent pick up (laptop, books.)
- Students and parents should email teachers directly with course content questions.
- Schools will host live student support session for sick/quarantined students. Dates and times will be posted on school websites. If an entire class is quarantined, teachers may host a class with Zoom.
- Every school will post a detailed school instructional plan on its website. Plans will be posted by Sept. 3.

Absences

- A student will get an excused medical absence if they are sent home for medical reasons, get a documented COVID-19 test, or receive a quarantine and isolation directive from CCPS or other government agency.
- After five days of parent notes, absences will count toward eligibility. Parents who suspect that their child has been exposed to a person with COVID-19 or who see that their child is symptomatic may write a parent note explaining their child's absence. Parent notes are limited to five days per quarter.
